

Dear reader,

New Warehouse of Xenometrix in Germany!

We are improving our shipping service and on-site management of our stock within the EU:

- We have partnered with Glatt GmbH, Lörrach, specialized in logistics and pharmaceuticals to offer overall quality of stock holding
- After an initial experience we ship all our products from the external Xenometrix warehouse
- Having the warehouse in the EU allows us to offer shorter travel times and better shipping prices

We continue working hard to improve our services, products and to provide excellent customer support.

We are looking forward to your questions or feedback.
Contact us at info@xenometrix.ch.

We invite you to visit us at our booth and to win one of our « Swatch » watches at the 46th EEMGS/30th GUM meeting, in Potsdam, 18th to the 21st of March 2018.
